Orioles Pitcher Has Good Season

Darrell Schrock, pitcher for the Orioles Dixie Youth Baseball team, struck out 100 batters this year. This was good for better than two batters per inning.

Darrell compiles a won-loss record of 7 wins and 2 losses. Besides being a top grade baseball player, Darrell is one who is self-disciplined and very well mannered. Boys like Darrell make coaching an easy job.

TOYOTA '74

In the year of the small car, the biggest choice is at your Toyota dealer's.

You might think of Toyota as a car or two, just small potatoes in the small car business.

But you ought to stop in at your Toyota dealer's and see what he's got.

You'll see a bigger selection of small cars than anybody else in town offers.

You'll see coupes, 2-door sedans, 4-door sedans, station wagons, small pickup trucks and those very tough Land Cruisers.

Twenty-three models in all, and all so you can find exactly the kind of small car you're looking for.

The automotive experts say '74 is the year of the small car. We think you'll truly enjoy spending it in a new Toyota and seeing how much car your money can buy.

SMALL, STRONG, LONG TOYOTAS. Our trucks have one of the biggest engines of all small pickups. One has a bed almost a foot longer than any other small pickup.

LOW, LOW PRICED TOYOTAS. Seven new Corollas this year, from the five speed SR-5 to the lowest priced of all, the 1200 2 door sedan.

TOUGH TOYOTAS. The three new models of the steel-clad Land Cruiser come equipped to the teeth. They're for people who like to play rough.

SOFT TOYOTAS. The top of the Toyota line is Mark II, in three different models. Each comes with six cylinders and rich standard equipment. Worth giving up your big car for.

NEW ALL OVER TOYOTAS. The five new Coronas are virtually redesigned up one side and down the other. New safety features, advanced engineering. You'll see

And so is the new Celica GT 5-speed.

The sportiest Toyotas are Celicas. A GT with a five speed transmission, radial tires and full instrumentation.

And right behind, at a slightly lower price, is the new Celica ST with a standard 4-speed transmission or automatic you can order. Racy as these new Celicas are, both offer the economy of a six months or 6,000 mile recommended maintenance schedule.

"So Long, July" - Film To Be Shown at New Hope Sunday

SO LONG, JOEY! is the title of a bold new film which is to be shown at New Hope Baptist Church on Sunday, July 14, at 7:30 p.m.

SO LONG, JOEY! documents the true life story of Dave Boyer who adopted the stage name Joey Stevens in order to pursue a career in the entertainment world.

Gifted with unusual musical talent, Dave, the son of Rev. and Mrs. Ralph Boyer, sang in gospel meetings until at age 15 he turned "pro" and began working as a singing saxophonist in nearby night clubs. It was at age 17 that he changed his name to Joey Stevens and signed on as Master of Ceremonies at Atlantic City's "500" Club. Soon, on a first name basis with most of the top flight stars of the nightclub circuit, Dave's career boomed while his personal life became a nightmare of alcoholism and drug addiction.

In a drunken stupor, he wandered the streets of Marietta, Pa., contemplating suicide, when the blurred view of a little old church caused him to cry out for Salvation to his father's Saviour.

Dave's current ministry is broad in scope. A gifted vocalist, he is also a superb saxophonist and weaves his talents into a program that penetrates the hearts of his audiences.

His appearances include large youth rallies, businesswomen's concerts, church concerts, high school assemblies, evangelistic crusades, coffee house 'rap' sessions, and T.V. appearances. Because of his unique background, he can and does talk frankly and in relevant terms about the problems that face today's youth.

Concord Garden Club Held Meeting

The Concord Garden Club met at the home of Miss Mae Kelly . Mon., July 8, 1974 at 10 a.m. The meeting was called to order by the president, Mrs. Roy Davidson. The program was presented at this time by Mrs. Ted Weigand of Lynchburg. Mrs. Weigand is an accredited Flower Show judge, and she presented a most interesting slide program on wildflowers. All of the slides shown were taken in her wildflower bed. After the program, she graciously consented to judge the exhibits by members, and to offer constructive criticism on arrangements.

At the conclusion of the program, the business meeting was convened. Reports were given by the secretary and the treasurer. The Ways and Means Committee reported plans for a bazaar to be held in Concord sometime in the early fall. Members will make crafts, and provide flowers and baked goods. Membership in the club was raised to 30, with two members being placed on the inactive list. The district meeting was announced. It will be held Sept. 25 at Quaker Memorial Church in Lynchburg. The meeting was adjourned and Dr. Kelly, assisted by Mrs. Onyx Metz, served delicious refreshments.

COMPUTERIDE TO REMAIN AVAILABLE

Cont'd from Page 1

ing Committee consists of representatives from the Central Virginia Planning District Commission (CVPDC), Central Virginia Industries, Automobile Club of Virginia and Central Virginia Federation of Chambers of Commerce.

Representatives of area industry who were present at Monday's meeting pointed out that management might be reluctant to participate in the COMPUTERIDE program at this time because many people believe that the gasoline shortage is over and they have no interest in carpooling.

Dwayne Perry, representing the Automobile Club of Virginia (AAA), pointed out that according to information his office has received, the "gasoline crunch" will hit again - probably by early fall.

"Our figures show that travel is up 45% this year and the gasoline supply can't handle the increase," said Perry.

"If people would conserve now we might not be hit with mandatory regulations in the future," he continued.

While Committee members agreed with Perry, they decided that since COMPUTERIDE is a voluntary program it should remain available for future use even though it might not be requested until another gasoline shortage is actually present.

"The time spent developing COMPUTERIDE and making test runs has not been wasted," pointed out William W. Hibbert, Executive Director of the CVPDC.

"We now have a program ready to be put in operation as soon as it is needed," he continued.

The Committee decided the test runs should be completed and from that point on COMPUTERIDE would not be actively promoted but would remain available should the need arise in the future.

The COMPUTERIDE Steering Committee also decided the CVPDC should apply for a federal demonstration project, administered by the Federal Highway Administration (FHWA), for the purpose of developing carpooling and transit information. The program would incorporate the best features from several computerized programs established throughout the country.

According to Hibbert the COMPUTERIDE program already meets a great deal of the criteria set forth by the FHWA.

Only one contract for the project will be awarded for the entire country.

The CVPDC's Transportation Technical Committee earlier Monday morning agreed the Commission should at least consider submitting a proposal for the demonstration project.
